

## Product Spotlight

# Custom Machining & Assembly

### Catalog Reference

Part	Page

### Website Reference

Http://www.micro-mechanics.com/cma.htm

Micro-Mechanics is pleased to introduce its newly established Custom Machining and Assembly (CMA) division. Our expertise is low to medium volume manufacturing of high-precision, small mechanical parts and modules.

Using the latest multi-axis milling, turning and grinding equipment, we provide very complex machined parts to customers from different industries where quality and accuracy is essential. For more information, please contact the Micro-Mechanics office nearest you.

Micro-Mechanics推出的新产品, 是CMA

(按客户定制机件或组件)服务.

我们的强点是制造高精度度,

限量生产的微小机械零件或组件.

以最新的CNC多轴机械, 磨床擦(平面&圆筒)等机械, 提供优质及高准确度的产品给多元化工业的客户

不断创造优品质, 低成本和短周期是我们的宗旨.

了解新信息, 技术服务和价格, 请联系我们

### Capabilities --- 特色

- CNC mill and turn --CNC自動車床
- Manual machining --- 銑床
- Grinding (surface & Cylindrical) --- 磨床擦(平面&圆筒)
- Assembly and test ---- 组合及测试
- Material – SUS, aluminum, etc – 材料: 钢, 铝, 等等
- Accuracy +/-2 microns待 --- 准确度 +/- 2micron

### Capacity

- 5 Manufacturing Sites
- Automated Production Equipment and Processes

### Commitment

- 8 World-Wide Locations

### Experience

- Over 20 Years Manufacturing Experience
- Industry Leader

### Capability

- Established Proven Design Rules
- Over 20 Engineers and Designers
- Product Development Center
